

IIC ANGLE BLOCK OPTIONS

Your Intelligent Integration Cockpit comes with a set of 11 risers that range from 30mm to 125mm in 5mm increments. As well as 3 angle blocks: 2.5°, 5°, and 10°

HEIGHT AND ANGLE EXAMPLES

QR TIP: With so many options provided for stack height and angled positions we recommend meeting with a professional fitter to optimize your cockpit setup.

50mm stack at 0°

50mm Riser

55mm stack at 0°

50mm Riser with
5mm Riser

55mm stack at 10°

50mm Riser with
10° Angle Block

55mm stack at 15°

40mm Riser with
10° & 5° Angle Blocks

Angle Blocks and 5mm Riser cannot be used together.

Reducing riser height may be necessary to achieve desired fit with Angle Block.

TOP BOLT LENGTHS CHART

Top Bolt lengths based on angle:

Angle	Rear Bolt	Front Bolt
0°	25mm	25mm
2.5°	30mm	30mm
5°	30mm	30mm
7.5° (2.5°+5°)	35mm	40mm
10°	30mm	40mm
12.5° (10°+2.5°)	35mm	45mm
15° (10°+5°)	40mm	45mm

Always use the included Conical Washers with top riser bolts.
